

GM 12 Bolt Components

39006	MW 12 Bolt Pinion Yoke (3.875 long)	179.50	58906	12 Bolt Chevrolet Crush Sleeve (OEM)	15.50
39038	MW 12 Bolt Pinion Yoke (2.875 long)	179.50	58907	12 Bolt Chevrolet Crush Sleeve (truck)	13.30
58903	Chrome Cover, 12 Bolt (not shown)	26.03	58920	12 Bolt Complete Shim Kit <i>Assortment of pinion depth, carrier shims and a crush sleeve.</i>	55.50
53161	12 Bolt Chevrolet Spool Bearings	61.50	58925	12 Bolt Carrier Shim Kit (3.250" bore) <i>Special inner shim with assortment of standard carrier shims. Must be used with 53158 spool and 53161A bearing kit.</i>	114.00
53161A	12 Bolt Spool Bearings for Alum. Spool	83.65	58950	12 Bolt Ring Gear Spacer <i>For using 4.10 to 6.14 ratio gears on 3 series carrier.</i>	52.50
53162	12 Bolt Chevrolet Pinion Bearing Set	65.00	80-0269	Spider Pin <i>12 Bolt Posi (for 5.14 to 6.14 ratios with stock c-clip axles).</i>	39.38
58900	Ring Gear Bolt Kit, (12 ea) <i>12 Bolt Chevrolet 12 point with safety wire holes.</i>	39.50	RP-1563	GM "Repair" Axle Bearing 1.400" (ea)	43.70
58901	12 Bolt Rear Cover Gasket	5.20	RP-1559	GM "Repair" Axle Bearing 1.625" (ea)	41.50
58901-TS	12 Bolt E-Z Release Rear Cover Gasket	14.50			
58902	12 Bolt Chevrolet Pinion Nut	11.00			
58904	12 Bolt Chevrolet Pinion Seal	14.50			

12 Bolt Billet Cap & Cover

One of the most common causes of rear end failure can be traced to the stock rear end caps. To cure this problem, MW offers a billet steel replacement cap that has an increased cross section and heat treated hardware. **Simple milling required to install.** Or we also offer the TA Cover support.

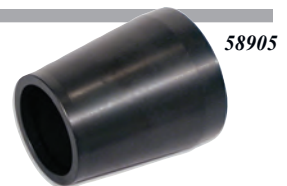

58100	12 Bolt Chevrolet Steel Main Cap (ea)	70.00
888	Labor (cap installed by MW Ent.) (ea)	75.00
TA1810	TA Cast Cover for 12 bolt GM rears	186.47
TA1811	TA Cast Cover for 12 bolt GM car rears	186.47

12 Bolt Preload Spacer

The use of a solid spacer has been standard in 9" Ford assemblies for a long time. Until now, 12 bolt rears have been forced to rely on a standard crush sleeve. The MW solid preload spacer is CNC machined from 4140 steel and heat treated. Spacers are long and must be trimmed to the required length.

58905	12 Bolt Solid Pre Load Spacer	47.00
-------	-------------------------------	-------

Requires machining to set the preload.

12 Bolt Axle & Spool Package

The MW 12 Bolt Axle/Spool Package includes a pair of custom built standard Hi-Torque axles (any length/spline combination), complete C-Clip eliminator kit w/bearings, standard steel spool and a complete 5/8 drive stud kit. Axles for non-narrowed rears are in stock.

HI-K14	12 Bolt Axle/Spool/C-Clip Eliminator Package	1080.00
