

## 9" FORD LOCKERS & POSI-TRACTION

57311

187S-35C

187S-17B

DPI-35

The 9" Ford has several ways to go when an increased traction differential is required. Mark Williams stocks several different types, the Detroit Locker, the Truetrac®, the DPI Gold Track, and the Ford Clutch Posi.

**DETROIT LOCKER™** is offered for popular 9" Ford applications (28, 31, and 35-spline). These units are designed to provide power to both wheels even in those situations where one tire loses traction. Detroit Lockers™ will also compensate for differences in wheel speed when turning corners by letting the wheel with the larger turning radius overrun and unlock from the other wheel. The 35 spline unit is popular for Pro-Street application, requiring a large axle spline and can be used for drag racing.

**CLUTCH POSI-TRACTION** are the most common and are used in the original rears. Smooth quiet action relies on spring pressure and friction in the clutch plates to increase driving traction. Quietest for street rod applications.

**TRUETRAC™ OR GOLD TRACK™** differentials do not use friction plates, but rather the wedging action of separating spiral pinion gears. This type of differential is unique in that it increases traction, but does not affect the steering, and there are no friction plates to wear. It allows normal differentiation without adverse effect on steering, or chattering when cornering. Only when there is a loss of traction, will power transfer occur. The worm drive differential offers moderate strength.

187S-13A 9" Ford 28 spline Detroit Locker™ . . . . .781.76

187S-17B 9" Ford 31 spline Detroit Locker™ . . . . .781.76

187S-35C 9" Ford 35 spline Locker . . . . .854.00

*Requires 3.812" or 3.250 case. with 2.0 ID bearings*

57311 9" Ford Posi Unit (31 spline) . . . . .402.00

*Clutch type posi-traction (Motorsports type).*

57315 9" Ford Eaton™ (35 spline) . . . . .762.00

*Unit requires 3.812" or 3.250 case. with 2.0 ID bearings*

DPI-35 9" Ford Gold Track (35 spline) . . . . .1234.00

*Unit requires 3.812" or 3.250 case. with 2.0 ID bearings*

## 9" FORD AXLE & SPOOL PACKAGE

50100 Hi-Torque Axles

Drive Stud Kit and Washers

Wheel Bearings and Lock Rings

9" Spool 35 or 40 Spline

Bearing Retainers

The MW 9" Ford Axle/Spool Package includes a pair of custom built standard Hi-Torque axles (any length/35 or 40 spline combination), axle bearings, bearing retainer plates, standard steel spool and a complete 5/8 drive stud kit with Snap-Lock™ washers. This kit allows you to have the top of the line axle and spool kit and get all the right parts the first time.

HI-K12 Axles/Spool/Bearing/Retainer/Stud Kit . . . . .1300.00
