

# BRAKE KIT COMPONENTS

All of the components that make up Mark Williams brake kits are available individually. The main components are listed below and on the following page. If there is a part that is not shown please call and a MW tech will help you find the parts.

## 2 & 4 PISTON CALIPERS

MW calipers are all manufactured in house and are cast from the same alloy as the MW 9" Ford cases that has a higher tensile strength than 6061 used in most billet calipers on the market. Pistons are machined from billet aluminum and are Teflon-Hard coat anodized.
